Together we nurture, guide and foster successful learners in a safe, respectful learning environment, recognising the capabilities of all students. Encouragement is provided to build and foster relationships to empower every student to make valuable contributions within their community.

Wellbeing for All

Connecting with Community

Staff have engaged in a process to define and develop a set of school-wide expectations so that we are able to do the following:

- create a vision of a successful student.
- allow us to proactively teach behaviours for success.
- communicate a positive message to staff about success at school.
- provide a framework to guide staff decisions about discipline.
- align staff through the use of consistent language.
- validate and support individual teachers' procedures and requests.

Below are the school-wide expectations based on student, staff and community input. These will be finalised in our staff meeting on Tuesday 15 November. You are welcome to provide any feedback before Tuesday.
